Second substantive session of the Open-ended Working Group on Conventional Ammunition

SIDE EVENT

Innovation and action in through-life ammunition management: analysis, concepts, methods and tools

DATE: TUESDAY, 16 AUGUST 2022
TIME: 13:15 – 14:45 (CET)
LOCATION: TBC
REGISTRATION LINK: https://gichd.wufoo.com/forms/m1if46ce0j03we0/

THE SIDE EVENT

The Innovation and Action Meeting is organised as a side event to the Open-ended Working Group (OEWG) on Conventional Ammunition. It will gather relevant stakeholders (States providing assistance, States requesting assistance, United Nations entities, international, regional and non-governmental organisations) to discuss and share existing and forthcoming knowledge products – analysis, concepts, methods and tools – for supporting international cooperation and assistance in through-life ammunition management. The meeting is designed as a knowledge and information-sharing space to promote efficient, effective and sustainable international cooperation and assistance.
METHODOLOGY

The Innovation and Action Meeting adopts a ‘world café’ approach, where multiple stands are set up around the room with organisations presenting their innovative approaches, activities, tools and resources for through-life ammunition management. Participants will have an opportunity to walk around the world café to get introduced to the work of the organisations as they go from stand to stand.

AGENDA

Opening remarks by EU (TBC)
Setting the scene remarks by the Chair of OEWG
World Café
Closing remarks by AMAT
