Compliance by States Parties with their obligations under the Convention

**Republic of Serbia**

The Republic of Serbia signed the Convention in 1972 and ratified in 1973 (Official Gazette of the Republic of Serbia - International Treaties No. 43/74 of 30 August 1974), fully supporting BWC universalization, strict implementation and further strengthening of the Convention. The Republic of Serbia is firmly committed to fulfilling all of its obligations under BWC.

The Republic of Serbia participates in the exchange of information through Confidence Building Measures and regular submission of its national annual reports. In accordance with the obligations, we appointed the National Point of Contact for the BWC.

With the aim to improve the national legislation, the Parliament of the Republic of Serbia adopted in the year 2011 the Law on the prohibition of the development, production and stockpiling of bacteriological (biological) and toxin weapons and on their destruction (Official Gazette of the Republic of Serbia No 87/11 of 21 November 2011). In this Law we reiterated again our commitments to full implementation of the obligations under the BTCW. In accordance to the Law, the establishing of the National Commission of the Republic of Serbia for the implementation of the Convention is in the process.

Following the proposal of the Ministry of Foreign Affairs, the Government of the Republic of Serbia adopted on 23 July 2021 the Strategy against Proliferation of Weapons of Mass Destruction for period from 2021 to 2025.
